Create account

Step 2. Open your ETH -wallet

To withdraw and distribute dividends you will need to open ETH-wallet.

1. Open ETH-wallet with the help of any following ways:
 - o Website myetherwallet.com
2. You can switch the language to make it more convenient
3. Click “Create new wallet” and make a password for it
(Remember the password)

Create New Wallet

Enter a password

Do NOT forget to save this!

Create New Wallet

This password *encrypts* your private key. This does not act as a seed to generate your keys. You will need this password + your private key to unlock your wallet.

[How to Create a Wallet](#) · [Getting Started](#)

4. Click «Create New Wallet»
5. Click «Download **Keystore** File (UTC / JSON)»
It's important not to lose it as it can't be restored!
Keep it in a safe place. Your assets can be stolen if you use the file at some fake website.
Make a copy of the file.

6. Click «I understand. Continue»

7. Save «Private Key»

**It's important not to lose it as it can't be restored!
Keep it in a safe place. Your assets can be stolen if you
use the file at some fake website.
Make a copy of the file.**

8. Click «Save Your Address»

9. Click «Private Key» and type it in.

Step 3. Make a deposit into your ETH-wallet

There are several ways to purchase ETH:

- Via crypto exchange houses where you can exchange BTC into ETH and then forward ETH to your wallet.
- Via exchange houses (they are listed at bestchange.ru).
- At changelly.com where you can purchase ETH and other crypto coins with credit card.

BE CAREFUL! Sometimes Changelly suggests too high rate.

You can always check the status of your transactions with etherscan.io . To do this, type in the number of your wallet in the search bar.

Step 4. Invest into ODMCoin project via smart-contracts.

1. To transfer ETH (for investment) use the address of a smart-contract that will be available on the 1st of December at the website odmcoin.com or at your account.

Please be careful!

Do not send the ETH directly from the exchangers!

You will not be able to earn tokens!

Tokens will be given to the exchange!

Send ETH only from your personal wallet!

2. Go to myetherwallet.com
3. Click «Send Ether & Tokens»
4. Type in smart-contract address into «To Address»
5. Type in ETH that you want to invest «Amount to Send»
6. Type in 200000 in the line «Gas Limit»
7. Click «Generate Transaction»

To Address

Amount to Send

10 ETH

Send Entire Balance

Gas Limit

21000

+Advanced: Add Data

Generate Transaction

8. Wait for tokens as follows:

- ODMCoin
- Bi Club – Blockchain Industrial Club
- BIP – Bi Platform

You will see them transferred to Token balance at your account:

Token Balances

Load Tokens

Remember, you can always view your Balances On <https://etherscan.io> or [Ethplorer.io](https://ethplorer.io)
